

TRANSNATIONAL COOPERATION ACTIVITY

Newcomers in consortium KA101 with focus on job-shadowing

December, 2-5

Bergen - Norway

Type of event:

Contact Seminar

Working language:

English

Number of Spanish participants: 10 participants from the field of School Education.

Profile of participants: The seminar is open to participants within the field of school education. The contact seminar is mainly targeted at education authorities capable of being potential leaders of consortium (please see more detailed information on the SEPIE website <http://sepie.es/educacion-escolar/seminarios.html#contenido>). Participants should have no or little knowledge about KA101-consortium

Themes and goals of the event:

The concept of consortium in School Education was new in 2015. Many NAs agree that they wish they would have more of them. Consortiums allow a larger number of schools to take part in the Erasmus+ program since administration of the projects is no longer a burden for the schools themselves.

- Possibilities within KA101 consortiums.
- Particularities of a KA101 consortium projects
- Presentation(s) of successful and well run KA101-projects consortium
- Project coordination and project management of a KA101 consortium
- Promotion of job-shadowing

Expected results:

This TCA has been run once before, in December 2017 in Norway, and great results have been achieved (most of the participants sent an application that got granted with high ranking in term of score).

Participants will send consortium application to the next KA101-round and will have already started cooperation with receiving schools for job-shadowing.
